toll may be open to the donor there is no ime for the workers to share in it. From benefit to benefit they go, and each ceeding week sees an increase in these delightful affairs so generously offered so sedulously carried out. Last ht occurred the widely heralded the Tucker smoke fund party at the Shelburne Hotel at Brighton Beach. This warm friend and active partisan of the tobacco fund set a pace for all fu-ture seaside benefits which are scheduled ture seaside benefits which are scheduled or will be during the summer. Her beach party was a wonderful success, first, because of the great popularity of the cause, second, because of the great popularity of the star, the "Mary Garden of Vaudeville," and third, because Sophie never spares herself to carry her smoke fund parties to the apex of triumph.

As the party began at a late hour and didn't wind up till the "wee, sma," details of the amount taken for the fund by contributions, auction sales, &c., will

by contributions, auction sales, &c., will have to be entered upon at another time. Suffice it to say here that Private Peat was on hand with his simple and sympathetic war talk, and the Shelburne cast and Van and Schenck and the Watson Sisters and Mabel Jones—in a word, all promised entertainers were present did their volunteered bit for THE Tobacco Fund.

#### Fund Works on Sunday.

And as if six days were not enough for this extremely active fund a seventh will be utilised. On Sunday occurs at Farmer Oval, Fresh Pond road, Queens, a ball game between the Pennsylvania Reds and the Van and Schenck baseball team. The hour is early, but enough innings are promised to make it appear suitably chosen. It is 10:30 o'clock.

No admission fee is to be charged, but a collection will be taken up for the smoke fund. And whatever any one gives will be less than the show is worth, for in addition to the game, in which Bowenhoff will pitch, Schenck play first base, Van right field, Sophie Tucker, who is going to be hostess, will sing, and so will Van and Schenck. Allan Coogan will dance, the Twelfth Street Band will play, and 300 police reserves under complex. nd of Major Dawkins will give an ex

### Three Sergeauts Testify.

Three sergeants of the Twenty-sixth Division (Infantry) send their acknowledgment under date of June 8. They are Romieux, McGrath and Drescell. They say: "The Y. M. C. A., the B. A. and the Sales Commissary have all hear out of smokes for over two E. A. and the Sales Commissary have all been out of smokes for over two weeks. Your fine gift could never have strived at a more opportune time."

June 6 was a happy day somewhere in France. A lot of the fellows received money, and better yet something that money won't buy over there these days. Writing to a fund contributor from the Air Service Replacement Concentration Barracks, A. P. O. No. 725, Capt. Leo R. Backs tells about it as follows:
"It was my pleasure to-day to supervise the distribution of a large quantity of gift tobacco received at this post as a result of The Sun Tobacco Fund. The tobacco arrived on pay day, and as the

tobacco arrived on pay day, and as the men were lining up to be paid they marched by a designated place, where each received a very liberal supply, far more than he expected.

Says Corporal Charles Tomes of Batry E, 150th Field Artillery, writing

"You don't know how very handy your tobacco came in, but let me tell you it sure saved the day, as we are in a position where we can't get it as often as we did in the good old U. S. A. Columbia University and George Washposition where we can't get it as tone time professor of economics at ten as we did in the good old U.S. A. "To show you how thankful we are will try and put the finishing touches this fuss as soon as possible."

Tobacco on Firing Line.

"Received your gift of tobacco on the difference of the island."

"Received your gift of tobacco on the firing line." writes Private Charles Hawkins of the same battery. "Thank you very much. We want you to feel that it is appreciated. It helps to know that the folks back there' are so considerate of our welfare and makes it easier to do our bit. Thank you again." The coming week of July will be celebrated in history as Block Party week, no fewer than five of these charming heighborly affairs being booked for the benefit of the smoke fund fathered by THS SUN to occur then. On Wednesday evening the residents of West First street, between Sheepshead Hay road and Railroad avenue, will have one, which Michael Fleess as chairman and Charles Rubins, vice-chairman, are directing.

The same kind of entertainment is The same kind of entertainment is fairly epidemic for the Fourth. Several are scheduled to take place then. The Eldert Service Association of Brooklyn is to hold theirs in the block of Eldert street between Broadway and Bushwick avenue in the afternoon and evening. A service flag is to be raised with Sergeant Burns, formerly of the old Sixtyninth Regiment, officiating. The Atco Club will hold an open air social in 121st preet, between Lenox and

# Seventh avenues, with patriotic orations and music and dancing. The home of the Atco is at 131 West 121st street. Aiderman Thomas M. Farley is to give the people who live in his election dis-trict a lively Fourth. There will be games in Queensboro Park in the aftergames in Queensboro Park in the afternoon and a generous choice of amusements in the block on Sixty-second street East, where the clubhouse of the Foursteenth Aldermanic district is situated. Sixty of the young members of this club are in service of their/country abroad and their families and friends are glad to lave this opportunity to show their pride in them. There are to be moving pictures, illustrated songs, music, speechmaking, dancing and the sale of bread, cakes and pies baked by the matrons of the neighborhood. ## Announcement

On July first the incandescent lamp service of this Company now supplied under a separate lamp service agreement will be discontinued

Thereafter incandescent lamps will be sold at standard prices established by the manufacturers as quoted in the schedule filed by this Company with the Public Service Commission. This change in practice is due partly to the increased cost of lamps and partly to the growing use of household power, heating and cooking devices for which it is impracticable to provide separately metered services

The Company will continue to deliver lamps either upon customers' written or telephone request and, if desired, initial lamp equipment for new installations may be purchased on a deferred payment plan

The use of lamps now on customers' premises furnished by the Company under lamp service agreements may be continued until burned out, without extra charge

In addition to the Company's supply points, we understand that lamp manufacturers will establish convenient agencies throughout the city with dealers in electric supplies, from whom lamps may be purchased at the standard prices and at the standard voltages for Edison Service which on Manhattan Island is 119-120 volts and in the Bronx 107-108 volts
